## Other relevant information

As a continuation of the Inside Information Filing of 14 March 2024 (register number 2165) regarding the approval and commencement of a buy-back programme of own shares for a maximum amount of 500 million Euro, established in accordance with Article 5 of Regulation (EU) No 596/2014 of the European Parliament and of the Council of 16 April 2014 on market abuse and the Delegated Regulation of the Commission (EU) No 2016/1052 (the “Buy-back Programme”), and to the Other Relevant Information Filing of 10 May 2024 (register number 28613), concerning the completion of the Buy-back Programme, CaixaBank informs that today the Board of Directors of CaixaBank has agreed to execute the reduction of the Company's share capital through the redemption of all own shares acquired under the Buy-back Programme. The execution of the capital reduction has been approved pursuant to the resolution adopted by the General Shareholders' Meeting on 22 March 2024, under agenda item 5.2, and once all the appropriate regulatory authorisations have been obtained.

As a consequence of the above, CaixaBank's share capital has been reduced by the amount of 104,639,681 euros through the redemption of 104,639,681 own shares, each with a face value of one euro, representing approximately 1.42% of CaixaBank share capital. The resulting share capital after the capital reduction is set at 7,268,087,682 euros, represented by 7,268,087,682 shares, each with a face value of one euro and all belonging to the same class and series.

The purpose of this capital reduction is the redemption of all own shares acquired under the Buy-back Programme, bringing 2023 year-end %CET1 closer to 12%, and all in accordance with the intention of the Board of Directors as announced on 2 February 2024 through an Inside Information Filing (register number 2098).

The capital reduction does not involve returning contributions to the Company's shareholders since the Company is the holder of the shares being redeemed. The capital reduction is carried out by charging the share premium account or, when appropriate, other freely distributable reserve accounts, by creating a reserve for amortised capital for an amount equal to the total nominal value of the shares being amortised (that is, 104,639,681 euros), which can only be accessed under the same conditions as those required for the share capital reduction, in accordance with article 335 c) of Spanish Companies Law. As a result, the Company's creditors will not have the right to oppose the capital reduction referred to in article 334 of the Spanish Companies Law. It is also noted that the consent of the bondholders' syndicates for the issues of bonds and debentures currently in circulation contemplated in article 411 of

the Spanish Companies Law, in accordance with the First Additional Provision of Law 10/2014 of 26 June on the organisation, supervision and solvency of credit institutions, is not required.

The agreement for the capital reduction will be published in the Official Gazette of the Spanish Companies' Registry and in the Company's corporate website ([www.caixabank.com](http://www.caixabank.com)) in the coming days. Subsequently, the public deed regarding the share capital reduction and the amendment of articles 5 and 6 of the By-laws regarding the stock of capital and shares will be granted and registered with the Companies' Registry of Valencia. Additionally, CaixaBank will request the delisting of the redeemed shares from Stock Exchanges in Madrid, Barcelona, Bilbao and Valencia, and the cancellation of the accounting records of said shares at the Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A.U (Iberclear).
