Disclaimer

The purpose of this presentation is purely informative and should not be considered as a service or offer of any financial product, service or advice, nor should it be interpreted as, an offer to sell or exchange or acquire, or an invitation for offers to buy securities issued by CaixaBank, S.A. ("CaixaBank") or any of the companies mentioned herein. The information contained herein is subject to, and must be read in conjunction with, all other publicly available information. Any person at any time acquiring securities must do so only on the basis of such person's own judgment as to the merits or the suitability of the securities for its purpose and only on such information as is contained in such public information set out in the relevant documentation filed by the issuer in the context of such specific offer or issue and after taking any professional or any other advice as it deems necessary or appropriate under the relevant circumstances and not in reliance on the information contained in this presentation.

CaixaBank cautions that this presentation might contain forward-looking statements concerning the development of our business and economic performance. Particularly, both the financial and non-financial information from CaixaBank Group ("Group") related to results from investments has been prepared mainly based on estimates (including environmental, social or governance ("ESG") performance targets). While these statements are based on our current projections, judgments and future expectations concerning the development of our business, a number of risks, uncertainties and other important factors could cause actual developments and results to differ materially from our expectations. Such factors include, but are not limited to, the market general situation, macroeconomic factors, regulatory, political or government guidelines and trends, movements in domestic and international securities markets, currency exchange rates and interest rates, changes in the financial position, creditworthiness or solvency of our customers, debtors or counterparts, as well as our ability to meet ESG expectations or undertakings, which may depend largely on the actions of third parties, such as our decarbonisation targets, etc. These risk factors, together with any other ones mentioned in past or future reports, could adversely affect our business and the levels of performance and results described, including those related to ESG performance. Other unknown or unforeseeable factors, and those whose evolution and potential impact remain uncertain, could also make the results or outcome differ significantly from those described in our projections and estimates.

Statements as to historical performance, historical share price or financial accretion are not intended to mean that future performance, future share price or future earnings for any period will necessarily match or exceed those of any prior year. Nothing in this presentation should be construed as a profit forecast. In addition, it should be noted that although this presentation has been prepared based on accounting registers kept by CaixaBank and by the rest of the Group companies it may contain certain adjustments and reclassifications in order to harmonise the accounting principles and criteria followed by such companies with those followed by CaixaBank, as in the specific case of Banco Português de Investimento ("BPI"), so that, the relevant data included in this presentation may differ from those included in the relevant financial information as published by BPI.

Presentation prepared with Group data at closing of 31 December 2024, unless otherwise noted.

In particular, regarding the data provided by third parties, neither CaixaBank, nor any of its administrators, directors or employees, either explicitly or implicitly, guarantees that these contents are exact, accurate, comprehensive or complete, nor are they obliged to keep them updated, nor to correct them in the case that any deficiency, error or omission were to be detected. Moreover, in reproducing these contents in by any means, CaixaBank may introduce any changes it deems suitable, may omit partially or completely any of the elements of this presentation, and in case of any deviation between such a version and this one, CaixaBank assumes no liability for any discrepancy.

This statement must be taken into account by all those persons or entities that may have to make decisions or prepare or disseminate opinions regarding securities issued by CaixaBank and, in particular, by analysts and investors who handle this document. All of them are encouraged to consult the documentation and public information communicated or registered by CaixaBank with the National Securities Market Commission (Comisión Nacional del Mercado de Valores, "CNMV"). In particular, it should be noted that this document contains unaudited financial information.

In relation to Alternative Performance Measures (APMs) as defined in the guidelines on Alternative Performance Measures issued by the European Securities and Markets Authority on 5 October 2015 (ESMA/2015/1415), this presentation uses certain APMs, which have not been audited, for a better understanding of the company's financial performance. These measures are considered additional disclosures and in no case replace the financial information prepared under the International Financial Reporting Standards (IFRS). Moreover, the way the Group defines and calculates these measures may differ to the way similar measures are calculated by other companies. Accordingly, they may not be comparable. Please refer to the Glossary section of the relevant CaixaBank's Business Activity and Results Report for a list of the APMs used along with the relevant reconciliation between certain indicators.

This presentation has not been submitted to the CNMV or to any other authority in any other jurisdiction for review or for approval. Its content is regulated by the Spanish law applicable at the date hereto, and it is not addressed to any person, or any legal entity located in any other jurisdiction and therefore it may not be compliant with the relevant regulations or legal requirements as applicable in any such other jurisdiction.

SEGMENT REPORTING FROM 1Q22

- **BANKING AND INSURANCE:** including the results from banking, insurance, AM, real estate and ALCO activities, among others, carried out by the Group essentially in Spain.
- **BPI:** including the results of BPI's domestic banking activity, carried out essentially in Portugal.
- **CORPORATE CENTER:** including the stakes allocated to "Investments" segment in previous reporting (i.e. Telefónica⁽¹⁾, BFA, BCI, Coral Homes and Gramina Homes). The results of these stakes net of the cost of financing are included. Additionally, the Group's excess capital is allocated to the Corporate Center, calculated as the difference between the Group's total equity and the capital allocated to Banking and Insurance, BPI and investments in the corporate center⁽²⁾. The counterpart of the excess capital allocated to the corporate center is liquidity.

The operating expenses of each segment include both direct and indirect expenses, which are allocated based on internal criteria. Specifically, expenses of a corporate nature at Group level are assigned to the Corporate Center.

Glossary (I/VI)

In addition to the financial information prepared in accordance with International Financial Reporting Standards (IFRS), this document includes certain Alternative Performance Measures (APMs) as defined in the guidelines on Alternative Performance Measures issued by the European Securities and Markets Authority on 5 October 2015 (ESMA/2015/1415). CaixaBank uses certain APMs, which have not been audited, for a better understanding of the company's financial performance. These measures are considered additional disclosures and in no case replace the financial information prepared under IFRS. Moreover, the way the Group defines and calculates these measures may differ to the way similar measures are calculated by other companies. Accordingly, they may not be comparable. ESMA guidelines define an APM as a financial measure of historical or future performance, financial position, or cash flows, other than a financial measure defined or specified in the applicable financial reporting framework. In accordance with these guidelines, following is a list of the APMs used along with a glossary for abbreviations and other. Refer to the Quarterly Financial Report for additional information on APMs and a reconciliation between certain management indicators and the indicators presented in the consolidated financial statements prepared under IFRS.
