

CONVOCATORIA DE MEDIOAMBIENTE CAIXABANK RESOLUCIÓN 2023

ANDALUCÍA		
Organisation	Project	Province
AMMA Almjara	Integrated Diverse Olive Groves Pilot Project: Carbon agriculture through land stewardship with improvements in biodiversity and conservation and restoration of soil and water and adaptation to and mitigation of climate change	Málaga
Árboles contra el cambio climático en Granada	Reforestation of treeless areas in Granada province and raising awareness of the need for trees in hills and towns to combat climate change and biodiversity loss	Granada
Asociación AlVelAl	ECO-REG fund: Fund to provide the materials and advice necessary for 15 farmers to implement regenerative practices	Almería
Asociación Descubrir la Vega para la investigación y difusión cultural de la Vega de Granada	Arboreal acupuncture in urban public spaces: Planting trees distributed around available public spaces, viability analysis, encouraging ancillary work and planting	Granada
Asociación Ecologista Guardabosques de Jódar	Participatory revegetation in the Cabra watercourse / Jódar biological corridor: Two new sections of biological corridor thanks to participatory planting together with different local bodies and associations	Jaén

CONVOCATORIA DE MEDIOAMBIENTE CAIXABANK RESOLUCIÓN 2023

ANDALUCÍA

Organisation	Project	Province
Asociación Faunatura	Rescuing Pools: Description and conservation of seasonal Mediterranean pools and lagoons and their amphibian populations in the countryside around Jerez and the coast north-east of Cádiz	Cádiz
Asociación Matilde	Marshes, salt pans and land stewardship: Generating mechanisms to preserve the natural setting of the marshes of Odiel through activities to add value to heritage, research and dissemination	Huelva
Asociación Moguereña Amigos del Escultismo	Sowing hope: Environmental information and workshops, reforestation in Doñana and assessment in cooperation with several scout groups	Huelva
Asociación Sastipem Thaj Mestapem	Wings over El Gosque: Conservation of birds and habitats at the lagoon of El Gosque through the construction of artificial structures, monitoring of species and restoration of habitats, with the participation of the local community	Sevilla
Fundación Juan Ramón Guillén	Circular Olive Growing: Educational programme to provide the educational community with teaching resources to study the olive-growing ecosystem and publicise the olive-growing culture of Andalusia	Sevilla
Fundación Social Universal	Lands Full of Life: Defending biodiversity by supporting small organic farmers in the Cordoba countryside through balanced ecosystems and the conservation of endangered birds	Córdoba
Fundación Vía Verde de la Sierra	Peñón de Zaframagón nature reserve development plan: Employing an information person to allow the Zaframagón visitor centre and bird observatory to open to the public midweek	Sevilla
HyT	Restoring a posidonia reef: the first restoration of Posidonia oceanica in Andalusia, recommended measure in the Decade on Restoration 2020-2030	Almería

CONVOCATORIA DE MEDIOAMBIENTE CAIXABANK RESOLUCIÓN 2023

ARAGÓN		
Organisation	Project	Province
Fundación Acuario de Zaragoza por la Biodiversidad	Pyrenean frog conservation project consisting of collecting eggs and tadpoles, rearing them in the aquarium and reintroducing them into the natural environment	Huesca
Fundación para la Conservación del Quebrantahuesos	Support feeding for breeding pairs of lammergeier from October to February, with both bones and vitamins to boost their physical condition and stimulate reproduction	Zaragoza
ASTURIAS		
Grupo d'ornitología Mavea	Protecting the biodiversity of two distinctive ecosystems against the threat of invasive plant species, through the involvement of volunteers	Asturias
ISLAS BALEARES		
Asociación Tursiops	Horus, lord of heaven: Study of the nutritional state of the sperm whale through aerial photography analysed together with pressure from maritime traffic to determine particularly critical areas for the species	Islas Baleares
Associació Estel de Llevant	Restoring the botanical garden in the Serra de Tramuntana after the damage caused by storm Juliet through inclusive work to repopulate areas of special biological interest with native species	Islas Baleares
Fundació Deixalles	Read Again: Project to encourage the re-use of books through an employment scheme for vulnerable groups and encourage affordable reading	Islas Baleares
Fundació Jardí Botànic De Sóller- Museu Balear De Ciències Naturals	A spring like no other in the world: Study of the wildlife of the spring and water channels of the Botanic Garden, which are home to crustacean species unique in the world, and restoration of their habitats	Islas Baleares

CONVOCATORIA DE MEDIOAMBIENTE CAIXABANK RESOLUCIÓN 2023

ISLAS BALEARES

Organisation	Project	Province
Fundación para la Conservación de Ibiza y Formentera	Protect the Lizards: Tackling the fall in the lizard population due to intensive trapping in two places with high biodiversity on Ibiza, and on Formentera drawing up protocols for early eradication.	Islas Baleares
Fundación para la Preservación de Menorca	Pilot project to help traditional farms to move in a natural way towards regenerative agriculture through diagnosis, action plans, implementation and data monitoring.	Islas Baleares
Fundación Vida Silvestre Mediterránea	Raising awareness and conserving the cinereous vulture and its habitat in the Serra de Tramuntana through monitoring, study, vigilance and environmental education.	Islas Baleares
Grup Balear d'Ornitologia i Defensa de la Naturalesa	Citizen science with schools - Discovering the coast, protecting the sea: Involving schoolchildren in citizen science to deal with the issue of plastic in the sea, reducing waste and discovering coastal ecosystems.	Islas Baleares

CANTABRIA

Asociación AMICA	Santander Natural Capital: Team of 6 professionals with disabilities who work to recover urban biodiversity in Santander: miniforests, hedges, gardens, restoration of damaged habitats and so on	Cantabria
Asociación Desarrollo Territorial Campoo Los Valles	Chasing the footprint of Campoo-Los Valles: Encouraging local authorities to commit to reducing emissions of greenhouse gases and setting up a project to measure emissions in the region	Cantabria
Red Cántabra de Desarrollo Rural	Environmental volunteer schemes to conserve and restore protected natural areas or regions of high environmental value	Cantabria

CONVOCATORIA DE MEDIOAMBIENTE CAIXABANK RESOLUCIÓN 2023

CASTILLA Y LEÓN

Organisation	Project	Province
Asociación Cultural Colectivo Azálvaro	Falco & Quiro: Two tracker dogs specialising in finding birds harmed by overhead power lines in order to rescue more of them and adapt as many dangerous pylons as possible	Segovia
Cruz Roja León	Circular Economy and 3R: Integrating the circular economy, recycling, saving water and the creation of urban vegetable plots as an all-round solution in both urban and rural settings	León
Escuelas Campesinas de Segovia	Biodiversity Guardians: Healthy ecosystems are less vulnerable to climate change. The priority is to increase organic carbon fixing capacity in soils	Segovia
Fundacion Global Nature	Tierra de Campos Wetlands: Wetlands and their biodiversity are allies of the rural economy of Tierra de Campos and partnerships are fostered between this natural heritage and the local population as the basis of a green economy	Palencia
Fundacion Naturaleza y Hombre	Conservation of the cinereous vulture in Salamanca and Cáceres: Habitat management and setting up breeding points to boost conservation of the cinereous vulture in three protected areas in Cáceres and Salamanca provinces	Salamanca
GREFA	Avoiding the death of birds due to collisions with glass enclosing padel courts by installing a net-based anti-collision system	Segovia
PRONISA	ReciclAvila: Circular economy project to sort and transform plastic waste into ornamental or functional items	Ávila

CONVOCATORIA DE MEDIOAMBIENTE CAIXABANK RESOLUCIÓN 2023

CATALUÑA		
Organisation	Project	Province
Associació Aurora - Salut Mental, Territori i Paisatge	Improving biodiversity in the Tamarit-Punta de la Móra area of natural interest: Improving the coastal juniper woods, creating a temporary reservoir and environmental volunteer work	Tarragona
Associació de Defensa i Estudi de la Fauna i Flora Autòctona	Conserving species at risk of extinction in river habitats: Ex situ and habitat conservation measures to preserve 4 endangered species: freshwater mussels, crayfish, muskrat and European mink	Barcelona
Associació de Propietaris Forestals de Castellar del Vallès, Gallifa i Sant Llorenç Savall	Look After The Forest And The Forest Will Look After Us: Forestry work to reduce the risk of major fires, adapt to climate change and educate the population to understand the need for sustainable forestry management	Barcelona
Associació l'Aube	PROPRIOS: Conservation of native fish, measures to mitigate climate change and social involvement in three Mediterranean seasonal rivers (Siurana, Canaletes and Brugent)	Tarragona
Associació Naturaleza Rural	Conservation of the cinereous vulture in the Pyrenees: Conservation and consolidation of the Pyrenean cinereous vulture colony with a support feeding network for protected carrion birds, to boost the survival rate of chicks	Lleida
BIOSFERA Associació d'Educació Ambiental	EXOARRAF: Environmental awareness and eradication of exotic and invasive plants to conserve natural areas on the Garraf coast through classroom workshops and days out eradicating invasive plants	Barcelona
Federación de Agrupaciones de Defensa Vegetal Selmar	Boosting biodiversity in agricultural systems for pest control: Incorporating new species and assessment of plants to encourage species useful in pest control in agricultural settings	Barcelona

CONVOCATORIA DE MEDIOAMBIENTE CAIXABANK RESOLUCIÓN 2023

CATALUÑA

Organisation	Project	Province
Fundació ANDRENA	Environmental restoration of the mouth of the Torrent del Pi, a watercourse affected by storm Gloria, to conserve the Valencia toothcarp and the Spanish toothcarp, and improve the ecological functioning of the lagoon	Tarragona
Fundació Areté	Restoration of field terraces to boost biodiversity: Restoration of field terraces as an effective and innovative way to improve the mosaic landscape of the Plana de Vic area, boost biodiversity and protect endangered wildlife	Barcelona
Fundació Ecologia del Foc i Gestió Incendis Pau Costa Alcubierre	Ramats de Foc: Fostering grazing in strategic areas of the Montnegre nature park to prevent fires, boost biodiversity and support the sale of livestock products with added value	Barcelona
Fundació Emys	Raising awareness and implementing measures to conserve the European pond turtle in the Tordera basin in order to improve its habitat and increase the survival of juveniles	Girona
Fundació per a la Conservació i Recuperació d'Animals Marins	Cut for them: Conservation of sea turtles by designing and distributing innovative pole cutters, training longline fishermen to use them, relations with fishermen's associations and assessment of results	Barcelona
Fundació Projecte Miranda	Rewilding the river Noguera Pallaresa: Rotating grazing of rescued horses on a stretch of the river Noguera Pallaresa in the Conca de Tremp area, to generate a range of environmental and social benefits	Lleida
Fundació Trenca	Biodetection to conserve the Mediterranean tortoise and the European polecat in Catalonia, as part of the TuroCat project	Lleida

CONVOCATORIA DE MEDIOAMBIENTE CAIXABANK RESOLUCIÓN 2023

CATALUÑA		
Organisation	Project	Province
Fundacion Privada Integra Pirineus	The Forest for All: Creating jobs for people at risk of exclusion, with disabilities or mental health issues in order to conserve biodiversity, boost water and CO2 fixing through sustainable forestry management	Lleida
GEPEC-EdC Grup d'Estudi i Protecció dels Ecosistemes Catalans - Ecologistes de Catalunya	Nests of Hope: Project to conserve the Kentish plover on the Costa Daurada by protecting its breeding areas and nests, recording data, environmental awareness and public participation	Tarragona
GEVEN Grup Ecologista del Vendrell i Baix Penedès	Promoting biodiversity in the Montmell Marmellar protected natural area by opening up fields and crops and recovering natural heritage on the basis of regenerative methods	Tarragona
Grup de Natura Freixe	SbN-Dam resilience: Implementation of nature-based solutions to improve the state of conservation of endangered species and habitats in the final stretch controlled by dams on the river Ebro	Tarragona
L'ERA Espai de Recursos Agroecològics	Agriculture and climate change: Conducting trials on farms, together with the farmers, to determine technical paths in carbon farming and its dissemination for implementation in the farming sector	Barcelona
Societat Catalana d'Herpetologia	Conservation and management of unique, fragile inhabitants, freshwater pools: Land stewardship project involving work to manage, maintain and monitor biodiversity on properties in stewardship	Barcelona

CONVOCATORIA DE MEDIOAMBIENTE CAIXABANK RESOLUCIÓN 2023

COMUNIDAD VALENCIANA

Organisation	Project	Province
Asociación AMICA	Adding Capacities: Reproduction of protected wild plants in the forest nursery of Campus Diversia in order to obtain plants that can be used to restore protected plant species in the Valencia region	Valencia
Asociación Faunatura	Comets Over Our Fields: Programme to conserve the marsh harrier and Montagu's harrier in southern Alicante province through public participation and environmental education	Alicante
Associació Connecta Natura	Biodiversity in action: Using traditional crop varieties to recover the agro-forestry mosaic and its associated biodiversity, and promote rural development and sustainable agriculture	Castellón
Fundació Assut	Cerca programme: Volunteering and citizen science in the Albufera and Horta areas of Valencia to work on the causes of habitat deterioration and loss and participatory environmental monitoring	Valencia
Interpreta Natura	Fem, Fam, Fum ... BOSC: Protection and conservation of woodland seen as a productive ecosystem that can prevent forest fires	Castellón
SEO/BirdLife	Kentish plover 5.0: Improving the state of conservation of the species in the Valencia region by working on the connectivity of beaches, restoring the dune habitat and identifying threats to wetlands	Alicante
XALOC Associació para el Estudio y Conservación del Entorno	Mediterranean, caring for our connection with the sea: Eliminating invasive species, planting endangered native species and protecting the Mediterranean turtle on the Valencia coast with volunteers and local stakeholders	Valencia

EXTREMADURA

ADENEX	RESILBERCIAL project: Measures to improve the environmental resilience of the Berciales area by boosting biodiversity and the presence of water	Badajoz
---------------	---	---------

CONVOCATORIA DE MEDIOAMBIENTE CAIXABANK RESOLUCIÓN 2023

GALICIA		
Organisation	Project	Province
Comunidade de Montes Vecinal en Man Común de Teis	Regenerating environmental values in the Madroa hills: Elimination of blackwood, an exotic invasive species, without using herbicides; subsequent reforestation with leafy trees and environmental education and conservation	Pontevedra
LA RIOJA		
Asociación El Colletero	Injecting Hope in Agricultural Soils: Restoring life to the soil by restructuring the trophic chain to put life back into cultivated ground to make it not just sustainable but self-sufficient	La Rioja
Asociación para el Desarrollo de la Rioja Alta	Consolidating 10 natural areas through land stewardship and public participation	La Rioja
MURCIA		
Asociación de Naturalistas del Sureste	AlzaMora project: Awareness raising and implementing conservation measures for two species characteristic of semi-arid settings in south-eastern Spain: the rufous scrub robin and the Greek tortoise	Murcia
Fundación Sierra Minera	Green Sierra Minera: Rewilding the Cabezo Ventura area through environmental restoration of a former quarry in a hill of volcanic origin, and pilot rewilding scheme on former dryland field terraces	Murcia
PAÍS VASCO		
Cristina Enea Fundazioa	Eskolan konposta: The aim is to manage the organic material from each school to produce compost to be used on site, and raise awareness among the school community	Guipúzcoa

CONVOCATORIA DE MEDIOAMBIENTE

FUNDACIÓN LA CAJA DE CANARIAS

Y CAIXABANK

RESOLUCIÓN 2023

CANARIAS		
Organisation	Project	Province
Asociación Bienestar Ambiental	Our ancestral lizards: their conservation as a socio-economic resource - Project aimed at boosting efficiency in the handling, management and reintroduction of the endangered species of giant lizard on El Hierro and La Gomera	S. C. de Tenerife
Asociación Canaria Educación Forestal Fénix	MICROISLANDS - Interaction between bird life and artificial or natural pools or lakes through the creation of floating islands or microislands of biodiversity, with the aim of meeting a range of goals in boosting biodiversity	Las Palmas
Fundación Canaria para la Reforestación	Forest Restoration Programme: Join in! - Restoration of forest ecosystems in 2 endangered plant formations on Gran Canaria (thermophilic and Monteverde), involving the local populations and monitoring data for subsequent studies	Las Palmas

CONVOCATORIA DE MEDIOAMBIENTE

FUNDACIÓN MONTEMADRID Y

CAIXABANK

RESOLUCIÓN 2023

**fundación
montemadrid**

CASTILLA LA MANCHA

Organisation	Project	Province
Asociación Faunatura	Guardians of the air. Strengthening coexistence and mutual protection between rural communities, birds and bats	Albacete
Asociación Nacional Micorriza	Restoration of plant cover lost in the 2012 forest fire in the Alto Tajo nature park. Phase II	Guadalajara
Asociación de Naturalistas del Sureste	Conserving forest bats in Albacete. The aim is to intervene in the conservation of forest bats as a flagship species in the mature woodlands of Albacete	Albacete
Ecoherencia S.Coop. And	Fostering biodiversity on working agricultural holdings. Running small actions to restore and regenerate agrosystems	Ciudad Real
Fundación Amigos de las Abejas	Pollination apiary to restore the ecosystem damaged by forest fire in Budia	Guadalajara
Fundación Global Nature (FGN)	Charco del Tamujo: life restored. Adding value to a setting regained for nature after the end of mining operations in the municipality of Fuente el Fresno	Ciudad Real
Fundación Internacional para la Restauración de Ecosistemas	ForRest: Forestry restoration in Mediterranean hills to mitigate and adapt to climate change	Ciudad Real

CONVOCATORIA DE MEDIOAMBIENTE FUNDACIÓN MONTEMADRID Y CAIXABANK **RESOLUCIÓN 2023**

CASTILLA LA MANCHA

Organisation	Project	Province
Fundación para la Investigación en Etología y Biodiversidad	Studying and improving environmental connectivity between wetlands to improve the habitat of amphibians and wildlife associated with river ecosystems	Toledo
Fundación Tormes-EB	Ecological connectivity and wildlife repopulation in the Alto Tajo nature park	Guadalajara
Observatorio para una Cultura del Territorio	Structuring organically-grown food production in Guadalajara for sale in short distribution channels, contributing to sustainable farming in the area	Guadalajara

COMUNIDAD DE MADRID

Asociación Reforesta	Environmental volunteer scheme to reinforce the birch population and biodiversity plantations in La Pedriza del Manzanares, in the Guadarrama hills	Madrid
Ciudad Huerto	Zass. Consolidating and expanding the learning community created in Villaverde district about urban wild plant life, and continuing to try out new models for gardens in public spaces together with the public, to adapt to the climate change scenario in which we are immersed	Madrid
Fundación ECOMAR	Cleaning shores around Madrid. Fostering the conservation of natural areas through awareness raising about the rivers, lakes and reservoirs around Madrid	Madrid
Fundación Vida Sostenible	In Madrid, every dish is a landscape. A project that seeks to empower the public in the area of food, by identifying and raising the profile of sustainable food options at local level in the Madrid region	Madrid

CONVOCATORIA DE MEDIOAMBIENTE FUNDACIÓN MONTEMADRID Y CAIXABANK **RESOLUCIÓN 2023**

COMUNIDAD DE MADRID		
Organisation	Project	Province
Garúa Intervención Educativa S. Coop. Madrid	The Ecobrand feeds change. School meals and other innovative actions to boost organic consumption and support farming around Madrid	Madrid
Grupo Brinzal para la defensa del medio ambiente natural	Restoration of plant life for conservation purposes	Madrid
Grupo de Rehabilitación de la Fauna Autóctona y su Hábitat (GREFA)	GREFA Rescue Team. A project intended to rescue wildlife through a team specialised in rescuing injured wild animals	Madrid
Iniciativas Socioambientales G S. Coop. Mad	Sierra Oeste acts. Learning, sharing, proposing and transforming on the basis of learning service and agroecology	Madrid
Recumadrid Servicios Ambientales SLU	CIRCULARROOM: Showroom Recumadrid. Starting up a new channel for selling second-hand clothing from Recumadrid in the Centro district (Malasaña, Las Letras and other neighbourhoods)	Madrid
Sociedad Española de Ornitología (SEO/ BirdLife)	ConCiencia Natural. Joining forces to conserve nature through public participation and shared knowledge	Madrid
