

CaixaBank offers SMEs and self-employed workers a €25 billion pre-approved loans facility

- **CaixaBank customers will be able to make working capital transactions with a loan term of up to 24 months, depending on their needs. These transactions will be processed instantly.**

Barcelona, 11 March 2020

CaixaBank is offering more than 440,000 self-employed workers, 115,000 micro-enterprises (companies with a maximum turnover of €2 million) and 52,000 small businesses (companies with a turnover of between €2 million and €10 million) a €25 billion pre-approved loans facility to alleviate the potential effects of the coronavirus outbreak on business operations.

CaixaBank customers will be able to make working capital transactions with a loan term of up to 24 months, depending on their needs. These transactions will be processed instantly without the need to provide additional documentation.

CaixaBank supports self-employed workers and businesses

CaixaBank offers specialized services for self-employed workers, micro-enterprises and small businesses. This comprehensive service combines the best products and services tailored to the needs of each business, with personalized advice on their daily finance and operation management. To this end, CaixaBank has over 40 centres “Business” located throughout Spain, and more than 2,500 managers specializing in self-employed workers and micro-enterprises.

In addition, CaixaBank strengthens its position as the leading bank for businesses through its specialized model with a network of 126 CaixaBank centres “Empresas” located in all Spanish autonomous communities and staffed by 1,200 highly specialized and continuously trained professionals with a solid reputation in business advisory.
